PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

JULY 26, 2011

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This proxy statement is furnished to our stockholders in connection with the solicitation of proxies for use at our annual meeting of stockholders to be held on Tuesday, July 26, 2011 at 2:15 p.m. EDT at comScore's offices at 11950 Democracy Drive, Suite 600, Reston, Virginia 20190, for the purposes set forth in the accompanying "Notice of Annual Meeting of Stockholders."

A copy of our Annual Report on Form 10-K and Amendment No. 1 to our Annual Report on Form 10-K/A for the year ended December 31, 2010, together with this proxy statement and accompanying proxy card and notice, will be first mailed on or about June 13, 2011 to our stockholders of record.

This solicitation is made on behalf of our board of directors, and we will pay the costs of solicitation. Our directors, officers and employees may also solicit proxies by telephone, fax, electronic mail or personal interview without additional consideration. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to our stockholders. We have retained American Stock Transfer & Trust Company to assist in the solicitation of proxies with respect to shares of our common stock held of record by brokers, nominees and institutions for a customary fee.

Our principal executive offices are located at 11950 Democracy Drive, Suite 600, Reston, Virginia 20190, and our telephone number is (703) 438-2000.

Shares Entitled to Vote and Quorum Requirement

Stockholders of record of our common stock at the close of business on May 31, 2011 are entitled to notice of, and to vote at, our 2011 annual meeting of stockholders. A list of our stockholders will be available for review at our principal executive offices during regular business hours for a period of ten days prior to the annual meeting. As of May 31, 2011, 31,855,346 shares of our common stock were issued and outstanding. The presence at the meeting, in person or by proxy, of a majority of the shares of the common stock issued and outstanding on May 31, 2011 will constitute a quorum. Our outstanding common stock constitutes the only class of securities entitled to vote at the annual meeting. Each share of common stock is entitled to one vote.

Voting Procedures

A proxy card is enclosed for your use. We ask that you carefully review, complete, sign, date and return the proxy card in the accompanying envelope, which is postage prepaid if you mail it in the United States. You may also vote by Internet according to the instructions included on the proxy card.

Unless you provide different instructions on your proxy, all shares represented by valid proxies (and not revoked before they are voted) will be voted at the meeting FOR the election of all of the director nominees listed in Proposal No. 1; FOR the ratification of the appointment of our independent public registered accounting firm in Proposal No. 2; FOR the advisory vote for approval of compensation awarded to our named executive officers in Proposal No. 3; and FOR the vote for amendment and restatement of our 2007 Equity Incentive Plan as described in Proposal No. 5. With respect to Proposal No. 4, the advisory vote for the frequency of shareholder votes on compensation awarded to our named executive officers, you may vote for

ONE, TWO or THREE years. If you do not vote, your vote will not be counted in the determination of which option receives the largest number of votes cast. With respect to any other business that may properly come before the annual meeting and be submitted to a vote of stockholders, proxies will be voted in accordance with the best judgment of the designated proxy holders.

The persons named as attorneys-in-fact to vote the proxies, Magid M. Abraham and Kenneth J. Tarpey, were selected by the board of directors and are executive officers of the company. All properly executed proxies returned in time to be counted at the annual meeting will be voted.

Shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee that are represented at the meeting, but with respect to which the broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Broker non-votes are not deemed to be entitled to vote for purposes of determining whether stockholder approval of a matter has been obtained. As a result, broker non-votes are not included in the tabulation of voting results on any proposal. In the past, if a stockholder held shares in street name and did not indicate how the holder wanted the shares voted in the election of directors, the stockholder's bank or broker was allowed to vote those shares on the stockholder's behalf in the election of directors as they felt appropriate. Recent changes in regulations were made to take away the ability of a stockholder's bank or broker to vote uninstructed shares in the election of directors on a discretionary basis. Thus, if a stockholder holds shares in street name and does not instruct the bank or broker how to vote in the election of directors, no votes will be cast on that stockholder's behalf. The stockholder's bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Company's independent registered public accounting firm (Proposal No. 2 of this proxy statement).

The director nominees listed in Proposal No. 1 will be elected by a plurality of the votes of the shares present or represented by proxy at the meeting and entitled to vote on the election of directors. The appointment of our independent registered public accounting firm listed in Proposal No. 2 will be ratified if a majority of shares present or represented by proxy at the meeting and entitled to vote thereon vote FOR such proposal. The approval of executive officer compensation listed in Proposal No. 3 will be ratified if a majority of shares present or represented by proxy at the meeting and entitled to vote thereon vote FOR such proposal. However, this vote is advisory only, and will not be binding upon our board of directors. The frequency of shareholder votes on compensation awarded to our executive officers that receives the highest number of votes cast will be deemed to be the frequency chosen by the stockholders in Proposal No. 4. However, this vote is advisory only, and will not be binding upon our board of directors. The amendment and restatement of our 2007 Equity Incentive Plan as described in Proposal No. 5 will be approved if a majority of shares present or represented by proxy at the meeting and entitled to vote thereon vote FOR such proposal.

Stockholders of record may vote by (i) completing and returning the enclosed proxy card prior to the meeting, (ii) voting by Internet according to the instructions included on the proxy card, (iii) voting in person at the meeting or (iv) submitting a signed proxy card at the meeting.

Your vote is important. Accordingly, please carefully review, complete, sign, date and return the accompanying proxy card or vote by Internet whether or not you plan to attend the annual meeting in person.

You may revoke your proxy at any time before it is actually voted at the meeting either by signing and submitting a new proxy card with a later date or by attending the meeting and voting in person. However, merely attending the meeting will not revoke your submitted proxy unless you specifically request your proxy be revoked. If you hold shares through a bank or brokerage firm, you must contact that bank or firm directly to revoke any prior voting instructions.

All votes cast at the meeting will be tabulated by the persons appointed by our board of directors to act as inspectors of election for the meeting.

Board Structure

Our board of directors has eight authorized seats divided into three classes (Class I, Class II and Class III) with staggered three-year terms. Three Class I directors are to be elected at the 2011 annual meeting of stockholders to serve a three-year term expiring at the 2014 annual meeting of stockholders or until their respective successors have been elected and qualified. The Class II and Class III directors will continue to serve their respective terms until the respective 2012 and 2013 annual meetings of stockholders.

Board Leadership Structure

Our board of directors does not have a policy on whether or not the role of the Chief Executive Officer and Chairman should be separate or, if it is to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. Currently, we operate with Dr. Abraham serving as a director and our President and Chief Executive Officer and Mr. Fulgoni serving as our Executive Chairman. Our board of directors believes that because Mr. Fulgoni has unique and extensive experience and understanding of our business, as well as over ten years of experience serving on our board of directors, he is well situated to lead and execute strategy and business plans to maximize shareholder value by having a combined role as both an executive officer as well as our Executive Chairman.

Our board of directors does not have a policy regarding the use of a lead independent director, and we do not presently have a lead independent director.

Standing Committees of the Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating and governance committee. Our board of directors and its committees meet regularly throughout the year and also hold special meetings and act by written consent from time to time as appropriate. Our board of directors has delegated various responsibilities and authority to its committees as generally described below. The

committees regularly report on their activities and actions to the full board of directors. Each committee of our board of directors has a written charter approved by our board of directors.

Audit Committee

The audit committee of our board of directors recommends the appointment of our independent registered public accountant, reviews our internal accounting procedures and financial statements, and consults with and reviews the services provided by our independent registered public accountant, including the results and scope of their audit. The audit committee met eleven times (including telephonic meetings) during 2010.

The audit committee is currently comprised of Ronald J. Korn (chair), William J. Henderson and Jeffrey Ganek, each of whom is independent within the meaning of the requirements of the Sarbanes-Oxley Act of 2002 and applicable U.S. Securities and Exchange Commission, or SEC, and NASDAQ rules. Ronald J. Korn is chairman of our audit committee as well as our audit committee financial expert, as currently defined under the SEC rules implementing the Sarbanes-Oxley Act of 2002. We believe that the composition and functioning of our audit committee complies with all applicable requirements of the Sarbanes-Oxley Act of 2002, The NASDAQ Global Market, and SEC rules and regulations.

The audit committee operates under a written charter adopted by the board of directors, a copy of which is available under the "Investor Relations" section of our website, <http://www.comscore.com>.

Compensation Committee

The compensation committee of our board of directors reviews and recommends to our board of directors the compensation and benefits for our executive officers, administers our stock plans, and establishes and reviews general policies relating to compensation and benefits for our employees. The compensation committee met fourteen times (including telephonic meetings) during 2010.

The compensation committee is currently comprised of William J. Henderson (chair), William Katz and Jarl Mohn, each of whom is independent within the meaning of applicable NASDAQ rules. We believe that the composition and functioning of our compensation committee complies with all applicable requirements of the Sarbanes-Oxley Act of 2002, The NASDAQ Global Market, and SEC rules and regulations. Our compensation committee may form and delegate authority to subcommittees when appropriate.

The compensation committee operates under a written charter adopted by the board of directors, a current copy of which is available under the "Investor Relations" section of our website, <http://www.comscore.com>.

Nominating and Governance Committee

The nominating and governance committee of our board of directors is responsible for, among other things, reviewing the appropriate size, function and needs of the board of directors; establishing criteria for evaluating and selecting new members of our board of directors, subject to board of directors approval thereof; identifying and recommending to our board of directors for approval individuals qualified to become members of the board of directors; and monitoring and making recommendations to the board of directors on matters relating to corporate governance. The nominating and governance committee met twice (including telephonic meetings) during 2010.

The nominating and governance committee currently consists of Bruce Golden (chair), William Katz and Jarl Mohn. We believe that the composition and functioning of our nominating and governance committee complies with all applicable requirements of the Sarbanes-Oxley Act of 2002, The NASDAQ Global Market and SEC rules and regulations.

The nominating and governance committee operates under a written charter adopted by the board of directors, a current copy of which is available under the "Investor Relations" section of our website, <http://www.comscore.com>.

Risk Management

Our board of directors has an active role, as a whole and also at the committee level, in overseeing management of our company's risks. Our board of directors regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. Our compensation committee is responsible for overseeing management of risks relating to our executive compensation plans and arrangements. Our audit committee oversees management of financial risks. Our nominating and governance committee manages risks associated with the independence of our board of directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, our entire board of directors is regularly informed through committee reports about such risks.

Board of Directors and Committee Meeting Attendance

Our board of directors met seven times (including telephonic meetings) during the year ended December 31, 2010. Each of our incumbent directors has attended at least seventy-five percent (75%) of the aggregate number of meetings held by the board of directors (during the period in 2010 for which he was a director) and the aggregate number of meetings held by the committees of the board of directors on which such individual served (during the period in 2010 for which he served as a committee member).

Independent members of the board of directors regularly meet in executive session without management present.

Annual Meeting Attendance

We encourage, but do not require, our directors to attend our annual meeting of stockholders. Three of our directors attended our 2010 annual meeting of stockholders.

Director Nomination Process and Qualifications

Our nominating and governance committee identifies director nominees by first evaluating the current members of the board of directors willing to continue in service. Current members with skills and experience that are relevant to our business and who are willing to continue in service are considered for nomination. If any member of the board of directors does not wish to continue in service, or the committee or board of directors decides not to nominate a member for re-election, the committee identifies the desired skills and experience of a new nominee. Current members of the board of directors and senior management are then polled for their recommendations. To date, we have not engaged third parties to identify or evaluate potential nominees; however, the committee may do so in the future.

The nominating and governance committee will also consider nominees recommended by stockholders, and any such recommendations should be forwarded to our Corporate Secretary in writing at our executive offices as identified in this proxy statement. In accordance with our bylaws, such recommendations should include the following information:

- the name, age, business address and residence address of the proposed candidate;
- the principal occupation or employment of the proposed candidate;
- the class and number of shares of our stock that the proposed candidate beneficially owns;
- a description of all arrangements or understandings between the stockholder making the recommendations and each director nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder; and
- any other information relating to such director candidate that is required to be disclosed in solicitations of proxies for elections of directors or is otherwise required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including without limitation such nominee's written consent to being named in any proxy statement as a nominee and to serve as a director if elected).

While our nominating and governance committee has not established specific minimum qualifications for director candidates, our committee evaluates individual director candidates based upon a number of criteria, including:

- a high degree of personal and professional integrity;
- commitment to promoting the long term interests of our stockholders;
- broad general business experience and acumen, which may include experience in management, finance, marketing and accounting, with particular emphasis on technology companies;
- adequate time to devote attention to the affairs of our company;
- an ability to bring balance to our board of directors in light of our company's current and anticipated needs and in light of the skills and attributes of the other board members; and
- other attributes relevant to satisfying the requirements imposed by the SEC and NASDAQ.

We believe that our board of directors represents a desirable mix of backgrounds, skills, and experiences, and they all share the personal attributes of effective directors described above. While they do not have a formal written policy on director diversity, the nominating and governance committee and our board of directors also consider diversity when reviewing the overall composition of our board of directors, and considering the slate of nominees for annual election to our board of directors and the appointment of individual directors to our board of directors. Diversity, in this context, includes factors such as experience, specialized expertise, geographic location, cultural background, gender and ethnicity.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all directors and employees of the company, including our principal executive officer, principal financial officer and principal accounting officer or controller. DIRECTOR COMPENSATION

Director Compensation Policies

Retainers and Meeting Fees

During 2010, our non-employee directors were eligible to receive an annual cash retainer of \$25,000 for service generally on our board of directors.

In addition, prior to August 2010, the non-employee chairpersons of certain of the standing committees of our board of directors were eligible to receive additional annual cash retainers. In August 2010, our board of directors conducted a review of our director compensation policies, which considered input from Compensia, the independent outside compensation consultant to our board of directors. Based on this review, our board of directors approved, among other changes, an increase in the levels of the annual cash retainer supplements for non-employee committee chairpersons and members effective as of July 1, 2010 in order to improve the competitiveness of the compensation provided to the non-employee members of our board of directors as well as to appropriately reflect the level involvement of our committee members. The additional annual cash retainers for which members or chairperson of certain committees of our board of directors were eligible before and after this increase in 2010 were as follows:

Committee	Prior to July 1, 2010		After July 1, 2010	
	Chairperson	Member	Chairperson	Member
Audit	\$10,000	\$—	\$18,000	\$10,000
Compensation	7,500	—	10,000	5,000
Nominating and Governance	—	—	3,000	1,000

In the case of new non-employee directors, these fees are prorated based on when the non-employee director joined our board of directors during the year. Employee directors are not compensated for board of director or committee service in addition to their regular employee compensation.

Other Equity-Based Compensation

Outside directors are also eligible to receive stock awards and option grants under our 2007 Equity Incentive Plan. Since our initial public offering in 2007, our non-employee directors have been and are entitled to an annual grant of restricted stock having a value of \$50,000 at the time of grant. In August 2010, our board of directors conducted a review of our director compensation policies, which considered input from Compensia. Based on this review, our board of directors approved, among other changes, an increase in the grant date value of the annual grant of restricted stock to approximately \$90,000 in order to improve the competitiveness of the compensation provided to the non-employee members of our board of directors as well as to appropriately reflect the level involvement of our committee members.

The total amount of each annual grant of restricted stock shall remain unvested until the earlier of (i) the date of the first annual stockholders' meeting following the date of grant, (ii) the one year anniversary of the date of grant or (iii) a change of control. The board of directors has discretion to accelerate or modify such vesting schedule due to special circumstances.

Expenses

We reimburse our non-employee directors for all reasonable out-of-pocket expenses incurred in the performance of their duties as directors. Such expense reimbursements are not included in the table under the subheading "2010 Director Compensation."

2010 Director Compensation

The following table sets forth certain information concerning cash and non-cash compensation earned by the non-employee members of our board of directors in 2010. None of the non-employee members of our board of directors received option awards or other compensation in 2010.

In addition, all of our non-employee directors that continued to serve after our 2010 annual meeting of stockholders received an award of restricted stock with a fair value calculated in accordance with FASB ASC Topic 718 of approximately \$36,664 (as adjusted for rounding of fractional shares, which were excluded), which represented an additional grant to increase the total amount granted to each non-employee director in 2010 to an annualized amount of approximately \$90,000 following our August 2010 review of director compensation policies. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of our compensation arrangements with our named executive officers should be read together with the compensation tables and related disclosures set forth elsewhere in this proxy statement. Our named executive officers for the year ended December 31, 2010 are Magid M. Abraham, Kenneth J. Tarpey, Gian M. Fulgoni, Gregory T. Dale and Christiana L. Lin. This discussion contains forward-looking statements that are based on our current plans and expectations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Our Philosophy

The objective of our compensation programs for employees is to attract and retain top talent. Our compensation plans are designed to motivate and reward employees for achievement of positive business results and also to promote and enforce accountability. In determining the compensation arrangement of our named executive officers, we are guided by the following key principles:

- *Attract and Retain Top Talent.* Our compensation arrangements should be sufficient to allow us to attract, retain and motivate named executive officers with the necessary skills and talent to successfully manage our business. In order to attract, motivate and retain such executives, we seek to compensate our named executive officers at total compensation levels of at least the 50th percentile of our identified peer group, with opportunities to reward stronger performers at levels as much as the 75th percentile of that peer group.
- *Promote Business Performance Accountability.* Compensation should be tied, in part, to the performance of the portion of the business for which a named executive officer is responsible and how that named executive officer's business unit or area performs and contributes to the overall financial performance of our business.
- *Promote Individual Performance Accountability.* Compensation should be tied, in part, to the individual named executive officer's performance to encourage and reflect individual contributions to our performance.
- *Align Stockholder Interests.* Compensation should be tied, in part, to our financial performance through equity awards, which help to align our named executive officers' interests with those of our stockholders.

Application of our Philosophy

We believe that our executive compensation and benefit program balances short-term and long-term components, cash and equity elements, and fixed and contingent payments. We apply our compensation philosophy using both quantitative and qualitative standards to incentivize our named executive officers and reward them for achieving the following goals:

- develop a culture that embodies a passion for our business and a drive to achieve and exceed established goals and objectives;
- provide leadership to the organization in such a way as to maximize the results of our business operations;
- lead us by demonstrating forward thinking in the operation, development and expansion of our business; and
- effectively manage organizational resources to derive the greatest value possible from each dollar invested.

Our executive compensation structure aims not only to compensate top talent at levels that we believe are generally at the 50th percentile or greater of an identified peer group, but also to be fair relative to compensation paid to other professionals within our organization, relative to our short- and long-term performance results and relative to the value we deliver to our stockholders. In some instances, we may seek to compensate at levels that we believe are at other than the 50th percentile of our identified peer group in the event that our compensation committee believes such compensation structure would be in our best interest to attract the appropriate talent to meet our needs. We seek to maintain a performance-oriented culture with a compensation approach that rewards our executive officers when we achieve and exceed our goals and objectives, while putting at risk an appropriate portion of their compensation against the possibility that our goals and objectives may not be achieved. Our compensation committee considers both qualitative and quantitative factors as measures of individual performance and weights these factors as appropriate in assessing a particular individual's performance. Overall, our approach is designed to relate the compensation of our named executive officers to the following: the achievement of short- and long-term goals and objectives; their willingness to challenge and improve existing policies and structures; and their capability to take advantage of unique opportunities and overcome difficult challenges within our business.

Role of Our Compensation Committee

Our compensation committee approves, administers and interprets our executive compensation and benefit policies, including our 1999 Stock Plan, our 2007 Equity Incentive Plan and our compensation, incentives and benefits programs. Our compensation committee is appointed by our board of directors, and consists entirely of directors who are "outside directors" for purposes of Section 162(m) of the Internal Revenue Code, "non-employee directors" for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and "independent directors" under the listing standards of the NASDAQ Stock Market. Our compensation committee is comprised of Messrs. Henderson, Katz and Mohn, and is chaired by Mr. Henderson.

Our compensation committee reviews and approves our executive compensation and benefit program to ensure that it is consistent with our compensation philosophy and corporate governance guidelines. Our compensation committee also is responsible for establishing the executive compensation packages offered to our named executive officers.

Our compensation committee has taken the following steps to ensure that our executive compensation and benefit program is consistent with both our compensation philosophy and our corporate governance guidelines:

- regularly reviewed the performance of and the total compensation earned by or awarded to our Chief Executive Officer and Executive Chairman independent of input from them;
- examined on an annual basis the performance of our other named executive officers with assistance from our Chief Executive Officer and Executive Chairman and approved compensation packages that are believed to be consistent with or more attractive than those generally found in the executive's marketplace;
- regularly held executive sessions of compensation committee meetings without management present; and
- engaged outside compensation consultants to review our executive compensation practices and provide comparison to other opportunities in the marketplaces for our named executive officers in connection with setting compensation for our 2010 bonus target levels and 2010 fiscal year base salaries and equity-award levels.

Utilization of Outside Compensation Consultants

In July 2009, our compensation committee selected and directly engaged the services of a new independent executive compensation consulting firm, Compensia. The committee selected Compensia because Compensia's primary focus is on technology companies and because of its familiarity and experience in advising the compensation committees for the boards of directors of technology companies. No member of the compensation committee or any named executive officer has any affiliation with Compensia. Compensia has

not performed any other work for us, and it has reported directly to the chairman of the compensation committee. Compensia is engaged to conduct an annual compensation study for the compensation committee of our board of directors, including without limitation, selection of a peer group, reporting on our compensation as compared to our peers, and providing recommendations to the compensation committee on adjustments to our compensation plans and approaches to support our compensation philosophy.

Fees of the Compensation Committee Consultants

The aggregate fees billed by Compensia for 2010 to provide advice or recommendations on the amount or form of executive and director compensation did not exceed \$120,000 individually or in the aggregate. Compensia did not provide additional services to us or our affiliates during 2010.

Approval of Compensation Consultant Services

In 2009, our board of directors and our management sought to engage a compensation consultant with strong experience with technology companies at similar stages of growth as our company. In 2009, our General Counsel screened and recommended several firms, including Compensia, to serve as the compensation consultant to our compensation committee. The chairman of our compensation committee interviewed representatives from three firms and our compensation committee determined that it would engage Compensia. Our compensation committee directly approved Compensia as its compensation consultant.

Review of Compensation Policies for 2010 Fiscal Year

In the fourth quarter of 2009, as part of our ongoing commitment to link current compensation levels to our compensation philosophy and business strategy, our compensation committee requested that Compensia review our direct compensation, including base salary, total cash compensation and total direct compensation. Also in 2009, our compensation committee requested that Compensia review our identified peer group and recommend appropriate improvements.

Compensia provided a report to the compensation committee in October 2009 with observations and analyses regarding the direct compensation of our named executive officers. The October 2009 study referenced both published compensation survey data of comparably-sized companies and a valuation peer group determined based on inputs from investment banks as well as management input as to companies with whom we compete for executive talent, with median annual revenues of up to twice our annual revenues. All of the companies included in the peer group are providers of digital marketing intelligence or related analytical products and services, marketing services and solutions or survey services. Specifically, the peer group consisted of the following companies:

Internet Brands	Marchex, Inc.	Unica
Kenexa	Omniture, Inc.*	ValueClick
Liquidity Services	SuccessFactors	Web.com
LoopNet	TechTarget	
	The Knot	

* Omniture was acquired by Adobe Systems Incorporated in October 2009

Our identified peer group for our 2010 compensation changed somewhat from the group previously identified and used. Upon consultation with the compensation committee and management, as well as upon conducting independent research, Compensia recommended the group identified above. The changes in composition from 2009 were due to several factors, including the determination by Compensia to better align our recommended peer group with similarly-sized companies in the technology space with similar growth characteristics as our own business. We also eliminated certain companies from our prior peer group due to the impact of the changing economy on identified firms as well as certain firms existing in the market altogether.

Our compensation committee chose the 50th percentile of this peer group for our compensation components with a view towards what our compensation committee believed to be fair to our named executive

officers and to the company as well as consistent with industry practices in the technology sector. In making such determination, our compensation committee considered such factors as the stage of our company's development, the size and characteristics of our company, based on both headcount and operations and balance sheet characteristics, as well as the expected future characteristics of our business relative to our identified peer group.

Based on the inputs from Compensia and our management as well as their own review, our compensation committee determined that our named executive officers' compensation package for our 2010 fiscal year continued to fall within the 50th percentile range of the identified peer group for executive compensation, and target annual incentives, total cash compensation and total direct compensation were all in line with market medians, with the flexibility to exceed up to the 75th percentile range of the identified peer group. Our compensation committee further determined that, with the exception of Dr. Abraham, Mr. Dale and Ms. Lin, our named executive officers' base salaries for our 2010 fiscal year continued to fall within the 50th percentile range of our identified peer group for executive base salary.

Although Dr. Abraham's base salary was found to be below the 50th percentile range in 2010, our compensation committee determined that Dr. Abraham's compensation package was heavily weighted in equity compensation. Such equity component was found to have counterbalanced the shortfall in base salary such that Dr. Abraham's compensation package remained consistent with our compensation philosophy. Moreover, the compensation committee believed that the heavier weighting towards equity compensation would better align Dr. Abraham's interests with the long-term interests of the company and our stockholders.

As Chief Technology Officer, Mr. Dale's compensation fell within the 50th percentile range of our identified peer groups for executive base salary. In August 2009, Mr. Dale was promoted without an accompanying cash increase at that time. Additionally, in July 2009, Ms. Lin was promoted to executive vice president, and in December 2009, Ms. Lin assumed the additional responsibility of overseeing our human capital department without an accompanying cash increase at that time. Mr. Dale and Ms. Lin did not receive increases in cash salary in connection with their increased responsibilities at those times, but each was awarded additional restricted stock at such time in order to maintain a total compensation package that was consistent with the 50th percentile for peers with their respective level of responsibility. Moreover, in support of our cash-conservation efforts in 2009, our compensation committee determined to accelerate the vesting of 2,500 shares of restricted stock previously issued to Mr. Dale and Ms. Lin in lieu of additional cash compensation in 2009. On April 22, 2010, based on input received from Compensia, and in consultation with management, our compensation committee determined to adjust Mr. Dale's and Ms. Lin's compensation by providing each executive with a 9% increase to their base salary effective May 1, 2010.

In addition, on July 22, 2010, our compensation committee approved restoring the base salary of Mr. Tarpey to the base salary set forth in the terms of his original offer letter effective July 23, 2010. Mr. Tarpey's salary was reduced in connection with our 2009 cash-conservation activities pursuant to which a number of our senior executives and employees had their salaries reduced temporarily in exchange for certain grants of restricted stock.

Otherwise, because there was no change in responsibilities for the other named executive officers, the compensation committee determined to leave 2010 base salaries for those named executive officers unchanged from 2009.

Our compensation committee believes that our current compensation format and the target levels are consistent with the targeted range of our identified peer group. In reaching these decisions, the compensation committee considered the importance of providing increased incentive opportunities to our named executive officers in equity, which would help better align the long-term incentives of those executives with the incentives of our stockholders.

Components of our Executive Compensation Program

Our executive compensation program consists of three components: base salary, short- and long-term equity incentives (including equity awards in the form of stock options, restricted stock units and/or restricted stock awards) and benefits.

Our compensation committee evaluates executive compensation and strives to apply the mix of these components in a manner that implements our philosophy while meeting our objectives to attract and retain top talent using compensation that is consistent with or more attractive than other opportunities while also adjusting for individual relative performance and responsibilities as well as our business goals. Our compensation committee has no formal policy for allocating compensation among the compensation components described above, but it does strive to set each component at levels that are consistent with the 50th percentile range of our identified peer group.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of each named executive officer, as well as to reflect market conditions as indicated by reference to our peer group. As we initially considered our named executive officers' compensation for 2010, base salary determinations were guided primarily by our objective to provide compensation at levels to attract and retain top talent. In establishing the 2010 base salaries of the named executive officers, our compensation committee and management took into account a number of factors, including the executive's seniority, position and functional role, level of responsibility and his or her accomplishments against personal and group objectives. In addition, we considered the market for corresponding positions within comparable geographic areas and industries as well as the state of our business and our cash flows. In initially setting 2010 base salaries, the compensation committee and management also compared their assessments to input provided by Compensia.

The base salaries of each of our named executive officers are reviewed on an annual basis and adjustments are made following each fiscal year, within the context of our overall annual merit increase structure, and at other times as appropriate, in each case to reflect performance-based factors, marketplace conditions and the overall performance of our business. We do not apply specific formulas to determine increases. We considered the following when evaluating named executive officers salaries:

- their achievement of specific objectives established during the prior review;
- an assessment of their professional effectiveness, consisting of a portfolio of competencies that include leadership, commitment, creativity and organizational accomplishment;
- their knowledge, skills and abilities, focusing on capabilities, capacity and the ability to drive results; and
- external factors such as the marketplace for the named executive officers, the state of our business and the condition of the global economy.

Dr. Abraham, our Chief Executive Officer, periodically reviewed the performance of our named executive officers in the context of the factors noted above and recommended to the compensation committee any base salary changes deemed appropriate.

In late 2009, in connection with input provided by Compensia, our compensation committee evaluated the base salaries of our named executive officers for our 2010 fiscal year. Although all of our named executive officers achieved various objectives and demonstrated improvements in their personal capacities during 2009, the compensation committee continued to heavily consider the external market factors and economic conditions in its review of our named executive officers' respective compensation arrangements. In light of our overall financial performance and the continued general uncertainty of the global economic conditions at that time, as well as the competitive conditions within our peer group and industry, our compensation committee determined at that time to set base salaries of our named executive officers for our 2010 fiscal year at the same level as were set in 2009. However, in April 22, 2010, based on additional input received from Compensia, and in consultation with management, our compensation committee determined to further adjust

Mr. Dale's and Ms. Lin's compensation by providing each executive with a 9% increase to their base salary effective May 1, 2010 to reflect increased responsibilities. On July 22, 2010, our compensation committee approved restoring the base salary of Mr. Tarpey to the base salary set forth in the terms of his original offer letter effective July 23, 2010. Otherwise, because there was no change in responsibilities for the other named executive officers, the compensation committee determined to leave 2010 base salaries for those named executive officers unchanged from 2009. Our compensation committee believed that such levels remained consistent with our compensation philosophy of providing executive base salaries at the 50th percentile range of our peer group.

The annual base salaries for 2009 and 2010 for each named executive officer are set forth below:

Name and Principal Position	2009 ⁽¹⁾	2010	Percentage Change
Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i>	\$393,125	\$393,125	—
Kenneth J. Tarpey <i>Chief Financial Officer</i>	277,500	300,000 ⁽²⁾	8.1%
Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i>	346,875	346,875	—
Gregory T. Dale <i>Chief Operating Officer</i>	254,930	277,874 ⁽³⁾	9.0%
Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i>	231,250	252,063 ⁽⁴⁾	9.0%

(1) Effective beginning May 1, 2009.

(2) In July 2010, our compensation committee approved restoring the base salary of Mr. Tarpey to the base salary set forth in the terms of his original offer letter effective July 23, 2010.

(3) In August 2009, Mr. Dale was promoted to chief operating officer. The 2010 increase in Mr. Dale's salary reflects his increased responsibilities as compared to during 2009.

(4) In July 2009, Ms. Lin was promoted to executive vice president, and in December 2009, Ms. Lin assumed the additional responsibility of overseeing our human capital department. The 2010 increase in Ms. Lin's salary reflects her increased responsibilities as compared to during 2009.

Equity-Based Compensation

Equity-based incentives are primarily guided by our objective of aligning named executive officers with the interests of our stockholders. Grants of stock options, restricted stock units and restricted stock made to executive officers are designed to provide them with incentive to execute their responsibilities in such a way as to generate long-term benefit to us and our stockholders. Through possession of stock options, restricted stock units and shares of restricted stock, our executives participate in the long-term results of their efforts, whether by appreciation of our company's value or the impact of business setbacks, either company-specific or industry based. Additionally, stock options, restricted stock units and shares of restricted stock provide a means of ensuring the retention of named executive officers, in that they are in almost all cases subject to vesting over an extended period of time, often multiple years.

Stock options, restricted stock units and shares of restricted stock are granted periodically, and are typically subject to vesting based on the executive's continued employment. Historically, most of these grants were designed to vest evenly over four years, beginning on the date of the grant.

We typically use shares of restricted common stock as a form of long-term compensation. Our compensation committee has preferred the use of restricted stock in favor of stock options ever since our common stock has become publicly traded because it results in less dilution of our existing stockholders, it provides some immediate, tangible value to our employees, and it also does not require cash outlay by our

employees. At the same time, restricted stock with vesting promotes employee retention while incentivizing our employees to pursue long-term growth initiatives. We expect to continue to predominantly use restricted stock awards in favor of stock options as a form of long-term, stock-based compensation for the foreseeable future.

Upon joining us, each executive is generally granted an initial restricted stock award that is primarily based on competitive conditions applicable to the executive's specific position. In addition, the compensation committee considers the number of shares subject to equity awards owned by other executives in comparable positions within our company when determining the number of shares to grant to each executive, as well as the number of shares that remain unvested. Based upon input provided by Compensia and reviewed by our compensation committee, we believe this strategy is consistent with the approach of our peer group and, in our compensation committee's view, is appropriate for aligning the interests of our executives with those of our stockholders over the long term.

Periodic awards to named executive officers are made based on an assessment of their sustained performance over time, their ability to effect results that drive value to our stockholders and their level of responsibility within our organization. Dr. Abraham, our Chief Executive Officer, periodically reviews the performance of our other named executive officers on this basis and recommends any equity awards to our compensation committee. The compensation committee reviews and approves any such recommendations as appropriate.

2010 Executive Incentive Compensation Policy

In February 2010, our compensation committee confirmed that the combined bonus and long-term compensation policies and target levels that we used for our 2009 Executive Long-Term Compensation Policy remained appropriate and therefore remained the same for our 2010 Executive Incentive Compensation Policy. These target levels and the actual amounts paid out were as follows for 2010:

Name and Principal Position	Value of Short-Term Performance-Based Stock Bonus Level for Annual Performance at Time of Grant			Value of Long-Term Performance-Based Stock Bonus Level for Annual Performance at Time of Grant		
	Target	Maximum	Actual(1)	Target	Maximum	Actual(1)
Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i>	\$196,563	\$314,500	\$243,599	\$589,688	\$943,500	\$730,797
Kenneth J. Tarpey <i>Chief Financial Officer</i>	91,016	127,422	116,185	273,047	382,266	348,555
Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i>	138,750	208,125	171,952	416,250	624,375	515,855
Gregory T. Dale <i>Chief Operating Officer</i>	54,045	81,068	44,461	162,136	243,203	133,382
Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i>	49,025	73,538	62,513	147,075	220,613	187,538

(1) The awards for the 2010 executive compensation policy were paid in the form of restricted stock based on the value of our common stock of \$28.02 per share as reported at market close by the NASDAQ Global Market on February 18, 2011, the date of payment, as adjusted for rounding for fractional shares.

These awards were paid out following the end of our 2010 fiscal year. The short-term performance-based stock bonus awards were fully vested upon the grant date. One-third of the shares subject to the award of the long-term performance-based stock bonus awards to each named executive officer shall vest annually beginning on the first anniversary of the grant date until the full amount of the award is vested, subject to continued employment through each of the vesting dates.

Our compensation committee believes that this format and the target levels are consistent with or more attractive than other opportunities in those named executive officers' respective marketplaces based on their experience in the marketplace as well as insight provided by Compensia.

Under this policy, the award levels established for the 2010 fiscal year for Dr. Abraham and Messrs. Tarpey and Fulgoni were based on a mix of quantitative and qualitative factors, certain of which were the satisfactory completion of specific projects or initiatives. The quantitative milestones varied somewhat from 2009 to reflect the expected financial performance of the company in 2010 as compared to 2009. Our compensation committee selected the targets and the weighting of the targets based on their experience as well as Compensia's input. The weighting is more heavily weighted towards profitability measures in the interest of incentivizing Dr. Abraham and Messrs. Tarpey and Fulgoni to achieve increased profitable growth for our business as a whole. The 2010 targets for Dr. Abraham and Messrs. Tarpey and Fulgoni were calculated based on the following component factors:

Achievement of	Weight of Target
Milestones for 2010 earnings before interest taxes, depreciation and amortization, or EBITDA	50%
Milestones for 2010 revenue	30%
Individual qualitative factors such as client retention, personnel retention, strategic milestones	20%

The annual performance targets established for the 2010 fiscal year for Mr. Dale and Ms. Lin were based on each respective named executive officer's actual salary earned during 2010 and the achievement of qualitative performance factors such as successful completion and integration of strategic transactions, effective management of their respective organizations, the development and release of new technology or product offerings, successful recruiting and development of our human resources and the successful implementation of strategic initiatives.

May 2010 Market-Based Performance Stock Option Awards

In May 2010, following a review of market-based performance equity awards in conjunction with Compensia, our compensation committee approved awards of stock options that were designed to motivate management to drive enterprise value toward a significantly higher market capitalization over the next two years and promote sustainability of such achievement. We refer to these options in this proxy statement as the May 2010 Stock Option Grants. The May 2010 Stock Option Grants were granted effective as of May 4, 2010 with an exercise price of \$18.21 per share, to each of the named executive officers employed as of that date, in the amounts listed below:

Name and Principal Position	Number of Shares of Common Stock Subject to Stock Option
Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i>	848,176
Kenneth J. Tarpey <i>Chief Financial Officer</i>	50,891
Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i>	63,613
Gregory T. Dale <i>Chief Operating Officer</i>	46,650
Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i>	33,715

Each of the May 2010 Stock Option Grants is subject to market-based vesting, whereby 100% of the shares subject to option is eligible to vest in the event that our common stock closing price as reported by the NASDAQ Global Market exceeds an average of \$30 per share for a consecutive thirty-day period prior to

May 4, 2012, an event we refer to as the Trigger. Fifty percent (50%) of the shares subject to the options will vest upon achievement of the Trigger and the remaining fifty percent (50%) of the shares subject to the options will vest on the one year anniversary of the achievement of the Trigger, subject to the named executive officer's continued status as a service provider to us through such dates. The thirty (30)-day price average and bifurcated vesting provisions are intended to promote sustainability of significantly higher market capitalization.

Our compensation committee, with advice from our senior management and input from Compensia, devised the May 2010 Stock Option Grants with a goal of promoting aggressive growth of our business. These awards were designed to incentivize our named executive officers to nearly double the value of our business within the two year period in which the May 2010 Stock Option Grants are eligible to vest. Furthermore, the Trigger is designed to promote sustainable growth. Our compensation committee and our management concluded this was an aggressive growth strategy that could be achieved with significant effort from our named executive officers, particular from our chief executive officer. Accordingly, the preponderance of the May 2010 Stock Option Grants were awarded to Dr. Abraham in recognition of his unique abilities and with a view towards his leadership in achieving the financial results necessary to achieve the target market capitalization.

In the event of (a) an indictment, plea of nolo contendere or conviction, of any felony or of any crime involving dishonesty by a named executive officer; (b) a material breach by a named executive officer of his or her duties or of a company policy, including repeated unsatisfactory performance of job duties as determined by our compensation committee or our board of directors; or (c) a commission of any act of dishonesty, embezzlement, theft, fraud or misconduct by a named executive officer with respect to us, any of which in the good faith and reasonable determination of our compensation committee or our board of directors is materially detrimental to us, our business or our reputation, our compensation committee has the right to deny vesting of the option for such named executive officer and cause the option to immediately terminate for no consideration to the individual.

In addition to the market-based vesting conditions, the options may vest in part or entirely upon a change of control, as more fully described under the subsequent heading "Severance and Change of Control Arrangements."

Benefits and Perquisites

We provide the following benefits to our named executive officers on the same basis as the benefits provided to all our employees:

- health and dental insurance;
- life insurance;
- short-and long-term disability; and
- 401(k) plan.

These benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

In general, we do not view perquisites as a significant component of our executive compensation structure. However, the compensation committee has the authority to approve perquisites, primarily for retention purposes or to accommodate specific, and usually temporary, circumstances of executives who do not reside near their work locations.

Severance and Change of Control Arrangements

Our named executive officers are parties to various agreements that provide certain benefits to those named executive officers in the event of their termination or a change of control of comScore under certain circumstances or both.

We believe the following arrangements are useful retention tools that are particularly necessary in an industry, such as ours, where there is frequent market consolidation. We recognize that it is possible that we may be subject to a change of control, and that this possibility could result in a sudden departure or distraction of our key executives to the detriment of our business. We believe that the following arrangements help to maintain the continued focus and dedication of our executives to their assigned duties to maximize stockholder value without the distraction that could result from the uncertainty of a change of control.

Change of Control and Severance Agreements

In July 2010, our compensation committee, following consultation with our outside compensation consultant, Compensia, approved Change of Control and Severance Agreements for certain members of our management, including for each of our current named executive officers.

Each of these Change of Control and Severance Agreements has a three-year initial term with automatic one-year renewals thereafter, and an automatic 12-month extension following the date of a change of control. Each agreement provides that if, prior to a change of control, we terminate such executive's employment without cause, or such executive resigns from such employment for good reason, then subject to certain covenants such executive would be entitled to the following severance benefits:

- payment of all accrued but unpaid vacation, expense reimbursements, wages and other benefits due under our plans, policies and arrangements;
- continuing payments at a rate equal to such executive's annual base salary then in effect, for the duration of a specified severance period (as identified in the table below for each such executive), to be paid periodically in accordance with our normal payroll policies; and
- reimbursement of COBRA premiums (or an equivalent cash distribution if the executive's severance period exceeds the permitted COBRA participation period) until the earlier of the expiration of the specified severance period or the date that each such executive becomes covered under a similar plan.

The table below identifies the severance period specified in the Change of Control and Severance Agreements for each such named executive officer:

<u>Name and Principal Position</u>	<u>Severance Period</u>
Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i>	2 years
Kenneth J. Tarpey <i>Chief Financial Officer</i>	6 months for first two years as chief financial officer; thereafter 1.25 years
Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i>	1.5 years
Gregory T. Dale <i>Chief Operating Officer</i>	1 year
Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i>	1 year

Each of the Change of Control and Severance Agreements also provides that if, on or within 12 months after a change of control, such executive's employment is terminated without cause, or any such executive resigns for good reason, then subject to certain covenants each such executive would be entitled to the following severance benefits:

- payment of all accrued but unpaid vacation, expense reimbursements, wages and other benefits due under our plans, policies and arrangements;
- a lump sum payment (less applicable withholding taxes) equal to a specified change of control multiple (as identified in the following chart for each such executive) multiplied by such executive's annual base salary in effect immediately prior to such executive's termination date or, if greater, at the level in effect immediately prior to the change of control; and

- reimbursement of COBRA premiums (or an equivalent cash distribution if the executive's severance period exceeds the permitted COBRA participation period) until the earlier of the expiration of a specified severance period (as identified in the table above for each such executive) or the date that such executive becomes covered under a similar plan.

The table below identifies the change of control multiple specified in the agreements for each such named executive officer:

Name and Principal Position	Change of Control Multiple
Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i>	2x
Kenneth J. Tarpey <i>Chief Financial Officer</i>	1.25x
Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i>	1.5x
Gregory T. Dale <i>Chief Operating Officer</i>	1x
Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i>	1x

Each of the agreements with Messrs. Tarpey and Dale and Ms. Lin provides that if each such executive remains employed by or continues to provide services to us through the one-year anniversary of a change of control, one hundred percent (100%) of such executive's then outstanding and unvested equity awards (excluding the May 2010 Stock Option Grants, which include their own separate acceleration provisions) as of the date of the change of control shall accelerate and become vested in full. The agreements for Dr. Abraham and Mr. Fulgoni provide for accelerated vesting of one hundred percent (100%) of their then outstanding and unvested equity awards (excluding the May 2010 Stock Option Grants, which include their own separate acceleration provisions) upon a change of control. Such single-trigger acceleration is consistent with existing equity awards held by Dr. Abraham and Mr. Fulgoni.

These Change of Control and Severance Agreements supersede any existing severance or change of control provisions included in our named executive officer's respective employment agreements or letter agreements.

In the event that the benefits under an Agreement would (i) constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code (the "Code") or (ii) would be subject to the excise tax imposed by Section 4999 of the Code, each such executive would receive such payment as would entitle such executive to receive the greatest after-tax benefit.

The effects of these arrangements are described under "Executive Compensation — Potential Payments upon Termination or Change-in-Control." We believe that these arrangements will help our executive officers maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there is a potential transaction that could involve a change of control. We also believe these arrangements are competitive with arrangements offered to senior executives at companies with whom we compete for executive talent and are necessary to the achievement of our business objective of management retention.

May 2010 Stock Option Grants

In addition, the May 2010 Stock Option Grants to each of Dr. Abraham, Messrs. Tarpey, Fulgoni and Dale and Ms. Lin may vest in part or entirely upon a change of control, which for purposes of the options vesting will be generally defined as an acquisition of at least fifty percent (50%) of the voting control of our company, a sale or merger of our company, or the sale of substantially all the assets of comScore. Upon such a change of control, if our common stock closing price as reported by the NASDAQ Global Market exceeds an average of \$24.10 per share for the thirty-day period immediately preceding the change of control, fifty percent (50%) of the shares subject to option will vest upon the consummation of the change of control. The

percentage of the total shares subject to option that vest upon a change of control increases linearly from fifty percent (50%) at \$24.10 per share to one hundred percent (100%) at thirty dollars (\$30) per share based on the thirty (30)-day average of our common stock closing price as reported by the NASDAQ Global Market immediately preceding the change of control.

Evolution of our Compensation Approach

Our compensation approach is necessarily tied to our stage of development as a company. Accordingly, the specific direction, emphasis and components of our executive compensation program will continue to evolve as our company and its underlying business strategy continue to grow and develop. For example, we have reduced our executive compensation program's emphasis on stock options as a long-term incentive component in favor of other forms of equity compensation such as restricted stock awards. Similarly, we continue to revise how we measure senior executive performance to take into account the unique requirements of being a public company, including, but not limited to, strict compliance with the standards of the Sarbanes Oxley Act. In addition, we have engaged an outside compensation consultant since mid-2007 to assist our compensation committee in continuing to evolve our executive compensation program, and we may look to programs implemented by comparable public companies in refining our compensation approach.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with company management. Based on the compensation committee's review of, and the discussions with management with respect to, the Compensation Discussion and Analysis, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement for filing with the Securities and Exchange Commission.

The policy also provides that the entire bonus amount shall be paid in shares of restricted stock valued at the time of grant. Actual payouts under our 2010 executive long-term compensation policy were approved on February 18, 2010 and are reflected in the Equity Incentive Plan Compensation column of the Summary Compensation Table above for 2010 in each case for each named executive officer.

Compensation Risk Assessment

Our compensation committee and management have considered whether our compensation programs for employees create incentives for excessive or unreasonable risks that could have a material adverse effect on us. Our compensation committee believes that our compensation plans are consistent with practices for our industry and that risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Transactions with Related Persons

Related person transactions, which we define as all transactions involving an executive officer, director, nominee for director or a holder of more than five percent of our common stock, including any of their immediate family members and any entity owned or controlled by such persons, are reviewed and approved by the audit committee of our board of directors or in some cases by a majority of disinterested directors on our board of directors.

In any transaction involving a related person, our audit committee and our board of directors consider all of the available material facts and circumstances of the transaction, including: the direct and indirect interests of the related persons; in the event the related person is a director or nominee for director (or immediate family member of a director or an entity with which a director is affiliated), the impact that the transaction will have on a director's or nominee for director's independence; the risks, costs and benefits of the transaction to us; and whether any alternative transactions or sources for comparable services or products are available.

After considering all such facts and circumstances, our audit committee and our board of directors determines whether approval or ratification of the related person transaction is in our best interests. For example, if our audit committee determines that the proposed terms of a related person transaction are reasonable and at least as favorable as could have been obtained from unrelated third parties, it will recommend to our board of directors that such transaction be approved or ratified. In addition, if a related person transaction will compromise the independence of one of our directors or nominees for director, our audit committee may recommend that our board of directors reject the transaction if it could affect our ability to comply with securities laws and regulations or NASDAQ listing requirements.

Of the transactions described in the following subsection, the employment arrangement with Ms. Abraham and several of the indemnification agreements were entered into prior to the adoption of our audit committee charter. Accordingly, each of those transactions were approved by disinterested members of our board of directors after making a determination that the transaction was executed on terms no less favorable than those we could have obtained from unrelated third parties. The transaction with Rapleaf, Inc., or Rapleaf, was ratified by our audit committee after making a determination that the transaction was executed on terms no less favorable than those we could have obtained from unrelated third parties.

The policies and procedures described above for reviewing and approving related person transactions are not in writing. However, the charter for our audit committee provides that one of the committee's responsibilities is to review and approve in advance any proposed related person transactions.

Transactions and Relationships with Directors, Officers and Five Percent Stockholders

We believe that there has not been any other transaction or series of transactions during 2010 to which we were or are to be a participant in which the amount involved exceeds \$120,000 and in which any director, nominee for director, executive officer or holder of more than five percent of our common stock, or members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in "Executive Compensation" or "Director Compensation" elsewhere in this proxy statement and as described below.

Linda Boland Abraham

Since our inception in 1999, Linda Boland Abraham, the spouse of our President and Chief Executive Officer, Dr. Magid M. Abraham, has been employed in various management positions with us. Most recently, Ms. Abraham has served as our Chief Marketing Officer and Executive Vice President of International Business Development beginning in 2009. During the year ended December 31, 2010, Ms. Abraham earned approximately \$202,938 in salary. Also during the year ended December 31, 2010, Ms. Abraham received an award of shares of our restricted stock pursuant to our 2009 Bonus Policy with a fair value at the time of grant of approximately \$595,514 that was granted in February 2010.

Indemnification Agreements

We have entered into an indemnification agreement with each of our directors and executive officers. The indemnification agreements and our amended and restated certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

Services Agreement with RapLeaf

During 2010, we entered into a Data Processing agreement with Rapleaf. Dr. Magid M. Abraham, our President and Chief Executive Officer and a member of our board of directors, was a member of RapLeaf's board of directors until October 2010. We paid \$144,000 pursuant to such agreement during the year ended December 31, 2010. In relation to this counterparty, there was \$14,000 included in accounts payable balances as of December 31, 2010.

Pre-Approval Policies and Procedures

Our audit committee has adopted and our board of directors has approved a policy that sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent auditor may be pre-approved. Pursuant to its audit, audit-related and non-audit services pre-approval policy, our audit committee may delegate either type of pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the audit committee at its next scheduled meeting. Our audit committee pre-approved all audit related, tax and other services rendered by Ernst & Young LLP in 2009 and 2010.

AUDIT COMMITTEE REPORT

The audit committee is comprised of “independent” directors, as determined in accordance with Rule 5605(a)(2) of the NASDAQ Marketplace Rules and Rule 10A-3 of the Securities Exchange Act of 1934. The audit committee operates pursuant to a written charter adopted by the board of directors, a copy of which is available under the “Investor Relations” section of our website located at <http://www.comscore.com>.

As described more fully in its charter, the purpose of the audit committee is to assist the board of directors with its oversight responsibilities regarding the integrity of our financial statements, our compliance with legal and regulatory requirements, assessing our independent registered public accounting firm’s qualifications and independence and, if applicable, the performance of the persons performing internal audit duties for our company.

Our independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The audit committee’s responsibility is to monitor and oversee these processes. The following is the audit committee’s report submitted to the board of directors for 2010.

The audit committee has:

- reviewed and discussed our company’s audited financial statements with management and Ernst & Young LLP, the company’s independent registered public accounting firm;

PROPOSAL NO. 1**

ELECTION OF DIRECTORS

Three Class I directors are to be elected at the 2011 annual meeting of stockholders to serve a three-year term expiring at the 2014 annual meeting of stockholders or until their respective successors have been elected and qualified. The Class II and Class III directors will continue to serve their respective terms.

Our nominating and governance committee recommended and our board of directors has nominated:

- Magid M. Abraham,
- William Katz, and
- Jarl Mohn

for election as Class I directors at the 2011 annual meeting of stockholders. All of the nominees are presently directors of comScore. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve.

Shares represented by the accompanying proxy will be voted for the election of the nominees recommended by the board of directors unless the proxy is marked in such a manner so as to withhold authority to vote. If any nominee is unable or unexpectedly declines to serve as a director, the board of directors may designate another nominee to fill the vacancy, and the proxy will be voted for that nominee. Proxies cannot be voted for more than the three named nominees.

The sections titled "Directors, Executive Officers and Corporate Governance — Directors and Executive Officers" and "Directors, Executive Officers and Corporate Governance — Director Nomination Process and Qualifications" on pages 3-5 and 7-8 of this proxy statement contain more information about the leadership skills and other experiences that caused our nominating and governance committee and our board of directors to determine that these nominees should serve as Class I directors of comScore.

Required Vote

The three nominees receiving the highest number of affirmative "FOR" votes shall be elected as Class I directors. Unless marked to the contrary, proxies received will be voted "FOR" these nominees.

Recommendation of Our Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS YOU VOTE "FOR" THE ELECTION OF EACH OF THE ABOVEMENTIONED NOMINEES AS CLASS I DIRECTORS PURSUANT TO PROPOSAL NO. 1.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has appointed Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2010. Ernst & Young LLP has served as our independent audit firm since 2000 and has audited our financial statements for fiscal years 2000 through 2010. For more information about services provided by Ernst & Young LLP to us as well as our procedures and approvals for approving such services, see "Independent Registered Public Accounting Firm" on page 37 of this proxy statement. A representative of Ernst & Young LLP is expected to be present at our 2010 annual meeting of stockholders and will have an opportunity to make a statement and respond to appropriate questions from stockholders.

Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is not required by our bylaws or other applicable legal requirements. However, our board of directors is

submitting the appointment of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the appointment, the audit committee will reconsider whether to retain the firm. Even if the appointment is ratified, the audit committee at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

Required Vote

The affirmative vote of a majority of shares of our common stock present at the 2011 annual meeting of stockholders in person or by proxy and entitled to vote is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2011. Abstentions will have the same effect as a vote against this proposal.

PROPOSAL NO. 3

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

We are seeking an advisory, non-binding vote of our stockholders with respect to the compensation awarded to our named executive officers for 2010.

Our named executive officer compensation program, as described on pages 11-28 of this proxy statement, is structured around the following goals: to attract and retain top talent; to promote business performance accountability; to promote individual performance accountability; and to align stockholder interests with those of our management team. Our compensation plans are designed to motivate and reward employees for achievement of positive business results and also to promote and enforce accountability.

We believe that our executive compensation and benefit program balances short-term and long-term components, cash and equity elements, and fixed and contingent payments. We apply our compensation philosophy using both quantitative and qualitative standards to incentivize our named executive officers and reward them for achieving the following goals:

- develop a culture that embodies a passion for our business and a drive to achieve and exceed established goals and objectives;
- provide leadership to the organization in such a way as to maximize the results of our business operations;
- lead us by demonstrating forward thinking in the operation, development and expansion of our business; and
- effectively manage organizational resources to derive the greatest value possible from each dollar invested.

Overall, our approach is designed to relate the compensation of our named executive officers to the following: the achievement of short- and long-term goals and objectives; their willingness to challenge and improve existing policies and structures; and their capability to take advantage of unique opportunities and overcome difficult challenges within our business.

The Company requests stockholder approval of the compensation of comScore’s named executive officers for the year ended December 31, 2010, as disclosed pursuant to SEC rules, including the Compensation Discussion and Analysis, the executive compensation tables, and related narrative disclosures included in this proxy statement.

Required Vote

You may vote for or against this foregoing Proposal No. 3, or you may abstain. Approval of this proposal requires the affirmative “FOR” vote of a majority of the shares present in person or represented by proxy at our 2011 annual meeting of stockholders and entitled to vote thereon. Abstentions will have the same effect as a vote against this proposal. Because this vote is advisory, it will not be binding upon our board of directors. However, our board of directors and our compensation committee will consider the outcome of the vote, along with other relevant factors, in evaluating its executive compensation program.

Recommendation of Our Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS YOU VOTE “FOR” PROPOSAL NO. 3.

PROPOSAL NO. 4**ADVISORY VOTE ON FREQUENCY OF STOCKHOLDER VOTES ON THE COMPENSATION AWARDED TO OUR NAMED EXECUTIVE OFFICERS**

We are seeking an advisory, non-binding vote of our stockholders regarding how often we should present our stockholders with the opportunity to vote on the compensation awarded to our named executive officers (as in Proposal No. 3 preceding). You may elect to have the vote held every year, every two years, or every three years, or you may abstain. We recommend that this advisory vote be held every year, but our stockholders are not voting to approve or disapprove of that recommendation.

Required Vote

The frequency that receives the highest number of votes cast will be deemed to be the frequency selected by the stockholders. This vote is advisory only, so will not be binding upon our board of directors. However, our compensation committee values the opinions of our stockholders, and, as such, will consider the outcome of the stockholder vote, along with other relevant factors, in recommending a voting frequency to our board of directors.

Recommendation of Our Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS YOU VOTE FOR A FREQUENCY OF EVERY YEAR FOR PROPOSAL NO. 4.

PROPOSAL NO. 5**APPROVAL OF THE AMENDED AND RESTATED 2007 EQUITY INCENTIVE PLAN**

We are asking our stockholders to approve the 2007 Equity Incentive Plan as amended and restated (referred to herein as the “Amended 2007 Plan”). Along with approving other changes described in the following, we are seeking stockholder approval of the Amended 2007 Plan primarily to enable us to qualify awards under the plan as “performance-based compensation” within the meaning of Section 162(m) of the Code so we may continue to deduct in full for federal income taxes compensation recognized by our executive officers in connection with certain awards granted under the Amended 2007 Plan.

Our board of directors has adopted the Amended 2007 Plan, subject to approval from our stockholders at the 2011 Annual Meeting. If our stockholders approve the Amended 2007 Plan, it will replace the current version of the 2007 Equity Incentive Plan and will continue in effect through its current term ending March 2, 2017, unless terminated earlier by our board of directors. Approval of the Amended 2007 Plan requires the

affirmative vote of the holders of a majority of the shares of our common stock that are present in person or by proxy and entitled to vote at the 2011 annual meeting. If the stockholders do not approve the Amended 2007 Plan, the current version of the 2007 Equity Incentive Plan will remain in effect through the remainder of its term.

The following summarizes some of the material differences between the Amended 2007 Plan and the 2007 Equity Incentive Plan. This comparative summary is qualified in its entirety by reference to the actual text of the Amended 2007 Plan, set forth as Appendix A.

- The 2007 Equity Incentive Plan was amended to allow the Company to continue to deduct in full for federal income tax purposes the compensation recognized by its executive officers in connection with certain awards granted under the Amended 2007 Plan. Section 162(m) generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the chief executive officer and other "covered employees" as determined under Section 162(m) and applicable guidance. However, certain types of compensation, including performance-based compensation, are generally excluded from this deductibility limit. To enable compensation in connection with awards granted under the Amended 2007 Plan to qualify as "performance-based" within the meaning of Section 162(m), the Amended 2007 Plan has been drafted to include limitations to the number of shares that may be granted on an annual basis through individual awards, which is necessary to allow the Company to be eligible to receive income tax deductions under Section 162(m), as follows:

Award Type	General Fiscal Year Limit	Additional Amount in Connection with Initial Service as an Employee
Stock Options	1,000,000 shares	1,000,000 shares
Stock Appreciation Rights	1,000,000 shares	1,000,000 shares
Restricted Stock	300,000 shares	300,000 shares
Restricted Stock Units	300,000 shares	300,000 shares
Performance Shares	300,000 shares	300,000 shares
Performance Units	\$4,000,000	N/A
Deferred Stock Units	Same as underlying Restricted Stock, Restricted Stock Unit, Performance Share, or Performance Unit	Same as underlying Restricted Stock, Restricted Stock Unit, Performance Share, or Performance Unit

- Specific performance criteria have been added to the Amended 2007 Plan so that certain awards may be granted subject to or conditioned upon the satisfaction of performance objectives, which in turn will allow us to be eligible to receive income tax deductions under Section 162(m). The performance criteria are: (i) attainment of research and development milestones, (ii) bookings, (iii) business divestitures and acquisitions, (iv) cash flow (including free cash flow), (v) cash position, (vi) contract awards or backlog, (vii) customer renewals, (viii) customer retention rates from an acquired company, business unit or division, (ix) earnings (which may include earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, and net earnings), (x) earnings per share, (xi) expenses, (xii) gross margin, (xiii) growth in stockholder value relative to the moving average of the S&P 500 Index or another index, (xiv) internal rate of return, (xv) market share, (xvi) net income, (xvii) net profit, (xviii) net sales, (xix) new product development, (xx) new product invention or innovation, (xxi) number of customers, (xxii) operating cash flow, (xxiii) operating expenses, (xxiv) operating income, (xxv) operating margin, (xxvi) overhead or other expense reduction, (xxvii) product defect measures, (xxviii) product release timelines, (xxix) productivity, (xxx) profit, (xxxi) return on assets, (xxxii) return on capital, (xxxiii) return on equity, (xxxiv) return on investment, (xxxv) return on sales, (xxxvi) revenue, (xxxvii) revenue growth, (xxxviii) sales results, (xxxix) sales growth, (xl) stock price, (xli) time to market, (xlii) total stockholder return, and (xliii) working capital. The performance goals may differ from participant to participant and from award to award, may be used alone or in combination, may be used to measure our performance as a whole or the performance of a portion of the business, and may be measured relative to a peer group or index.

- The Amended 2007 Plan permits the Company to grant deferred stock units and dividend equivalents to our employees, consultants and directors.
- The Amended 2007 Plan eliminates authority of the administrator to implement an “exchange program” This is a program whereby the exercise prices of outstanding awards may be reduced, outstanding awards may be surrendered or cancelled in exchange for awards with a higher or lower exercise price, or outstanding awards may be transferred to a third party. We are making this change to conform to best practices for public company equity plans.

For purposes of clarification, we are *not* requesting stockholders to approve additional shares be reserved for issuance under the Amended 2007 Plan.

Our board of directors believes that the approval of the Amended 2007 Plan is essential to our continued success. We believe that our employees are our most valuable assets and that the awards permitted under the Amended 2007 Plan are vital to our ability to attract and retain outstanding and highly skilled individuals in the competitive labor markets in which we compete. These awards also are crucial to our ability to motivate our employees to achieve our company goals.

Summary of the Amended 2007 Plan

The following is a summary of the principal features of the Amended 2007 Plan and its operation. The summary is qualified in its entirety by reference to the Amended 2007 Plan itself set forth in Appendix A.

The Amended 2007 Plan provides for the grant of incentive stock options to our employees and any of our parent and subsidiary corporations’ employees, and for the grant of nonstatutory stock options, restricted stock, restricted stock units, stock appreciation rights, performance units, performance shares, dividend equivalents and deferred stock units to our employees, directors and consultants and our parent and subsidiary corporations’ employees and consultants. As of May 31, 2011, approximately 1,000 of our employees, directors and consultants would be eligible to participate in the Amended 2007 Plan.

Shares Reserved Under the Amended 2007 Plan. We initially reserved a total of 1,400,000 shares of our common stock for issuance pursuant to the Amended 2007 Plan, plus (a) any shares that had been reserved but not issued under our Incentive Plan at the time of our initial public offering, and (b) any shares subject to stock options and similar awards granted under the Incentive Plan that expire or otherwise terminate without having been exercised in full and shares issued pursuant to awards granted under the Incentive Plan are forfeited to or repurchased by the Company. The maximum number of shares that may be added to the Amended 2007 Plan from the Incentive Plan is 1,000,000 shares. In addition, our Amended 2007 Plan provides for annual increases in the number of shares available for issuance thereunder on the first day of each fiscal year, beginning with our 2008 fiscal year, equal to the *least* of:

- 1,800,000 shares of our common stock;
- 4% of the number of shares on the last day of the immediately preceding fiscal year that are outstanding and issuable pursuant to outstanding awards under our equity plans; or
- such other amount as our board of directors may determine.

If an award expires or becomes unexercisable without having been exercised in full, or, with respect to restricted stock, restricted stock units, performance shares, performance units, or deferred stock units, is forfeited to or repurchased by us, the unpurchased shares (or for awards other than options and stock appreciation rights, the forfeited or repurchased shares) which were subject thereto will become available for future grant or sale under the Amended 2007 Plan (unless the Plan has terminated). If we declare a dividend or other distribution or engage in a recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares or other securities of the Company, or other change in the corporate structure of the Company affecting our shares, the administrator will adjust the (i) number and class of shares available for issuance under the Amended 2007 Plan, (ii) number, class and price of shares subject to outstanding Awards, and (iii) specified per-person limits on Awards to reflect the change.

As of December 31, 2010, there were 3,620,327 shares reserved for issuance under the Amended 2007 Plan including 2,142,611 shares subject to outstanding awards. On January 1, 2011, the number of shares reserved for issuance under the Amended 2007 Plan was automatically increased by 1,260,942 shares.

Administration of the Amended 2007 Plan. Our board of directors or a committee of our board administers our Amended 2007 Plan. In the case of awards intended to qualify as “performance based compensation” within the meaning of Section 162(m) of the Code, the committee will consist of two or more “outside directors” within the meaning of Section 162(m) of the Code. The administrator has the power to determine the terms of the awards, including the exercise price, the number of shares subject to each such award, the exercisability of the awards and the form of consideration payable upon exercise.

Options. The administrator is able to grant nonstatutory stock options and incentive stock options under the Amended 2007 Plan. The administrator determines the number of shares subject to each option, although the Amended 2007 Plan provides that a participant may not receive options to purchase more than 1,000,000 shares in any fiscal year except in connection with an employee’s initial hiring in which case the participant could receive options covering up to an additional 1,000,000 shares, for a total of 2,000,000 shares.

The exercise price of options granted under our Amended 2007 Plan must at least be equal to the fair market value of our common stock on the date of grant. The term of an incentive stock option may not exceed ten years, except that with respect to any participant who owns 10% of the voting power of all classes of our outstanding stock as of the grant date, the term must not exceed five years and the exercise price must equal at least 110% of the fair market value on the grant date. The administrator determines the terms of all other options.

After termination of an employee, director or consultant, he or she may exercise his or her option for the period of time stated in the option agreement. Generally, if termination is due to death or disability, the option will remain exercisable for twelve months. In all other cases, the option will generally remain exercisable for three months. However, an option generally may not be exercised later than the expiration of its term.

Stock Appreciation Rights. Stock appreciation rights may be granted under our Amended 2007 Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. The administrator determines the terms of stock appreciation rights, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof. Stock appreciation rights expire under the same rules that apply to stock options. No participant will be granted stock appreciation rights covering more than 1,000,000 shares during any fiscal year, except in connection with an employee’s initial hiring in which case the participant could receive stock appreciation rights covering up to an additional 1,000,000 shares, for a total of 2,000,000 shares.

Restricted Stock. Restricted stock may be granted under our Amended 2007 Plan. Restricted stock awards are shares of our common stock that vest in accordance with terms and conditions established by the administrator. The administrator will determine the number of shares of restricted stock granted to any employee, but no participant will be granted a right to purchase or acquire more than 300,000 shares of restricted stock during any fiscal year, except in connection with an employee’s initial hiring in which case the participant could receive awards of restricted stock covering up to an additional 300,000 shares, for a total of 600,000 shares. The administrator may impose whatever conditions to vesting it determines to be appropriate. For example, the administrator may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest are subject to our right of repurchase or forfeiture.

Restricted Stock Units. Restricted stock units may be granted under our Amended 2007 Plan. Restricted stock units are awards that will result in a payment to a participant at the end of a specified period only if performance goals established by the administrator are achieved or the award otherwise vests. The administrator may impose whatever conditions to vesting, restrictions and conditions to payment it determines to be appropriate. For example, the administrator may set restrictions based on the achievement of specific performance goals, on the continuation of service or employment or any other basis determined by the administrator. Payments of earned restricted stock units may be made, in the administrator’s discretion, in cash

or with shares of our common stock, or a combination thereof. The administrator determines the number of restricted stock units granted to any participant, but no participant may be granted more than 300,000 restricted stock units during any fiscal year, except in connection with an employee's initial hiring in which case the participant could receive restricted stock units covering up to an additional 300,000 shares, for a total of 600,000 shares.

Performance Units and Performance Shares. Performance units and performance shares may be granted under our Amended 2007 Plan. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the administrator are achieved or the awards otherwise vest. The administrator will establish organizational or individual performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. During any fiscal year, no participant will receive more than 300,000 performance shares or performance units, and no participant will receive performance units having an initial value greater than \$4,000,000, except in connection with an employee's initial hiring in which case the participant could receive performance shares covering up to an additional 300,000 shares, for a total of 600,000 shares. Performance units shall have an initial dollar value established by the administrator prior to the grant date. Performance shares shall have an initial value equal to the fair market value of our common stock on the grant date. Payment for performance units and performance shares may be made in cash or in shares of our common stock with equivalent value, or in some combination, as determined by the administrator.

Deferred Stock Units. The administrator will be able to grant deferred stock units, which are awards that consist of a restricted stock, restricted stock unit, performance share or performance unit award that the administrator, in its sole discretion permits to be paid out in installments or on a deferred basis, in accordance with rules and procedures established by the administrator. Deferred stock units will remain subject to the claims of the Company's general creditors until distributed to the participant.

Dividend Equivalents. The administrator will be able to grant dividend equivalents, which is a credit, payable in cash or additional shares, awarded at the discretion of the administrator, to the account of a participant in an amount equal to the cash dividends paid on one share for each share represented by an award. Dividend equivalents may be subject to the same vesting restrictions as apply to a related award.

Performance Goals. The granting and/or vesting of Awards of Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units may be made subject to the attainment of Performance Goals. The Performance Goals may differ from Participant to Participant and from Award to Award. Any criteria used may be (A) measured in absolute terms, (B) measured in terms of growth, (C) compared to another company or companies, (D) measured against the market as a whole and/or according to applicable market indices, (E) measured against the performance of the Company as a whole or a segment of the Company and/or (F) measured on a pre-tax or post-tax basis (if applicable). Further, any Performance Goals may be used to measure the performance of the Company as a whole or a portion of the Company, or one or more product lines or specific markets and may be measured relative to a peer group or index. The Performance Goals may differ from Participant to Participant and from Award to Award. Prior to the Determination Date, the Administrator will determine whether any significant element(s) will be included in or excluded from the calculation of any Performance Goal with respect to any Participant. In all other respects, Performance Goals will be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Administrator prior to or at the time of the issuance of an Award and which is consistently applied with respect to a Performance Goal in the relevant Performance Period. In addition, the Administrator will adjust any performance criteria, Performance Goal or other feature of an Award that relates to or is wholly or partially based on the number of, or the value of, any stock of the Company, to reflect any stock dividend or split, repurchase, recapitalization, combination, or exchange of shares or other similar changes in such stock.

To the extent necessary to comply with the performance-based compensation provisions of Section 162(m), with respect to any award granted subject to performance goals, within the first 25% of the performance period, but in no event more than 90 days following the commencement of any performance period (or such

other time as may be required or permitted by Section 162(m)), the administrator will, in writing: (i) designate one or more participants to whom an award will be made, (ii) select the performance goals applicable to the performance period, (iii) establish the performance goals, and amounts of such awards, as applicable, which may be earned for such performance period, and (iv) specify the relationship between performance goals and the amounts of such awards, as applicable, to be earned by each participant for such performance period. Following the completion of each performance period, the administrator will certify in writing whether the applicable performance goals have been achieved for such performance period. In determining the amounts earned by a participant, the administrator will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the administrator may deem relevant to the assessment of individual or corporate performance for the performance period. A participant will be eligible to receive payment pursuant to an award for a performance period only if the performance goals for such period are achieved.

Transferability of Awards. Unless the administrator provides otherwise, our Amended 2007 Plan does not allow for the transfer of awards and only the recipient of an award may exercise an award during his or her lifetime.

Change in Control. Our Amended 2007 Plan provides that in the event of our change in control, as defined in the Amended 2007 Plan, each outstanding award will be treated as the administrator determines, including that the successor corporation or its parent or subsidiary will assume or substitute an equivalent award for each outstanding award. The administrator is not required to treat all awards similarly. If there is no assumption or substitution of outstanding awards, the awards will fully vest, all restrictions will lapse, and the awards will become fully exercisable. The administrator will provide notice to the recipient that he or she has the right to exercise the option and stock appreciation right as to all of the shares subject to the award, all restrictions on restricted stock will lapse, and all performance goals or other vesting requirements for performance shares and units will be deemed achieved at 100% of target levels, and all other terms and conditions met. The option or stock appreciation right will terminate upon the expiration of the period of time the administrator provides in the notice. In the event the service of an outside director is terminated on or following a change in control, other than pursuant to a voluntary resignation, his or her options and stock appreciation rights will fully vest and become immediately exercisable, all restrictions on restricted stock will lapse, and all performance goals or other vesting requirements for performance shares and units will be deemed achieved, and all other terms and conditions met.

Term. Our Amended 2007 Plan will automatically terminate on March 2, 2017, unless we terminate it sooner. In addition, our board of directors has the authority to amend, alter, suspend or terminate the Amended 2007 Plan provided such action does not impair the rights of any participant without the written consent of such participant.

Number of Awards Granted to Employees, Consultants, and Directors

The number of Awards that an employee or consultant may receive under the Amended 2007 Plan is in the discretion of the Administrator and therefore cannot be determined in advance. As described above, stock options are granted to outside directors pursuant to a formula. The following table sets forth (a) the aggregate number of shares of common stock subject to options granted under the 2007 Equity Incentive Plan during the last fiscal year and (b) the average per share exercise price of such options.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and us of Awards granted under the Amended 2007 Plan. Tax consequences for any particular individual may be different.

Nonstatutory Stock Options. No taxable income is reportable when a nonstatutory stock option with an exercise price at least equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options. No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock, Restricted Stock Units, Performance Units, Performance Shares, and Deferred Stock Units. A participant generally will not have taxable income at the time an Award of restricted stock, restricted stock units, performance shares, performance units, or deferred stock units are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the Award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. However, the recipient of a restricted stock Award may elect to recognize income at the time he or she receives the

Aard in an amount equal to the fair market value of the shares underlying the award (less any cash paid for the shares) on the date the Award is granted.

Dividend Equivalents. A participant will recognize taxable income upon the payout of a dividend equivalent.

Tax Effect for Us. We generally will be entitled to a tax deduction in connection with an Award under the Amended 2007 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to "covered employees" within the meaning of Section 162(m). Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the Amended 2007 Plan, setting limits on the number of awards that any individual may receive and for awards other than certain stock options, establishing performance criteria that must be met before the award actually will vest or be paid. The Amended 2007 Plan has been designed to permit the administrator to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to continue to receive a federal income tax deduction in connection with such awards.

Section 409A. Section 409A of the Code, imposes certain restrictions on non-qualified deferred compensation arrangements. These include requirements with respect to an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions must be made on or following the occurrence of certain events (e.g., the individual's separation from service, a predetermined date, or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has been deferred. For certain individuals who are officers, subject to certain exceptions, Section 409A requires that such individual's distribution commence no earlier than six months after such officer's separation from service.

Awards granted under the Amended 2007 Plan with a deferral feature, including nonstatutory stock options and stock appreciation rights granted with an exercise price below the fair market value of the underlying stock, will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as possible interest charges and penalties. In addition, certain states such as California adopted similar provisions.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECTS OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO AWARDS UNDER THE AMENDED 2007 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

Purpose for Recommending Amendment of the Amended 2007 Plan and Approval of its Material Terms

We believe that the amendments to the Amended 2007 Plan and the approval of its material terms is essential to our continued success. Our employees are our most valuable asset. Stock options and other awards such as those provided under the Amended 2007 Plan will substantially assist us in continuing to attract and retain employees and non-employee directors in the extremely competitive labor markets in which we compete. Such awards are also crucial to our ability to motivate employees to achieve our goals. We will benefit from increased stock ownership by selected executives, other employees and non-employee directors.

3. Stock Subject to the Plan.

(a) Stock Subject to the Plan. Subject to the provisions of Section 15 of the Plan, the maximum aggregate number of Shares that may be issued under the Plan is 1,400,000 Shares (following the 1-for-5 reverse stock split of the Company's outstanding capital stock occurring on June 21, 2007), plus (i) any Shares that, as of the Registration Date, have been reserved but not issued pursuant to any awards granted under the Company's Incentive Plan (the "Existing Plan") and are not subject to any awards granted thereunder, and (ii) any Shares subject to stock options or similar awards granted under the Existing Plan that expire or otherwise terminate without having been exercised in full and Shares issued pursuant to awards granted under the Existing Plan that are forfeited to or repurchased by the Company, with the maximum number of Shares to be added to the Plan pursuant to clauses (i) and (ii) equal to 1,000,000 Shares. The Shares may be authorized, but unissued, or reacquired Common Stock.

(b) Automatic Share Reserve Increase. The number of Shares available for issuance under the Plan will be increased on the first day of each Fiscal Year beginning with the 2008 Fiscal Year, in an amount equal to the least of (i) 1,800,000 Shares, (ii) 4% of the outstanding Shares on the last day of the immediately preceding Fiscal Year or (iii) such number of Shares determined by the Board.

(c) Lapsed Awards. If an Award expires or becomes unexercisable without having been exercised in full, is surrendered pursuant to an Exchange Program, or, with respect to Restricted Stock, Restricted Stock Units, Performance Units or Performance Shares, is forfeited to or repurchased by the Company due to failure to vest, the unpurchased Shares (or for Awards other than Options or Stock Appreciation Rights the forfeited or repurchased Shares) which were subject thereto will become available for future grant or sale under the Plan (unless the Plan has terminated). With respect to Stock Appreciation Rights, only Shares actually issued pursuant to a Stock Appreciation Right will cease to be available under the Plan; all remaining Shares under Stock Appreciation Rights will remain available for future grant or sale under the Plan (unless the Plan has terminated). Shares that have actually been issued under the Plan under any Award will not be returned to the Plan and will not become available for future distribution under the Plan; provided, however, that if Shares issued pursuant to Awards of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units are repurchased by the Company or are forfeited to the Company, such Shares will become available for

future grant under the Plan. Shares used to pay the exercise price of an Award or to satisfy the tax withholding obligations related to an Award will become available for future grant or sale under the Plan. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment will not result in reducing the number of Shares available for issuance under the Plan. Notwithstanding the foregoing and, subject to adjustment as provided in Section 15, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options will equal the aggregate Share number stated in Section 3(a), plus, to the extent allowable under Section 422 of the Code and the Treasury Regulations promulgated thereunder, any Shares that become available for issuance under the Plan pursuant to Sections 3(b) and 3(c).

(d) Share Reserve. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as will be sufficient to satisfy the requirements of the Plan.

4. Administration of the Plan.

(a) Procedure.

(i) Multiple Administrative Bodies. Different Committees with respect to different groups of Service Providers may administer the Plan.

(ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as "performance-based compensation" within the meaning of Section 162(m) of the Code, the Plan will be administered by a Committee of two (2) or more "outside directors" within the meaning of Section 162(m) of the Code.

(iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder will be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) Other Administration. Other than as provided above, the Plan will be administered by (A) the Board or (B) a Committee, which committee will be constituted to satisfy Applicable Laws.

(b) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator will have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Awards may be granted hereunder;

(iii) to determine the number of Shares to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Awards may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Administrator will determine;

(vi) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;

(vii) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws;

(viii) to modify or amend each Award (subject to Section 21(c) of the Plan), including but not limited to the discretionary authority to extend the post-termination exercisability period of Awards and to extend the maximum term of an Option (subject to Section 6(c) regarding Incentive Stock Options);

(ix) to allow Participants to satisfy withholding tax obligations in such manner as prescribed in Section 17;

- (x) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;
- (xi) to allow a Participant to defer the receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant under an Award; and
- (xii) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations will be final and binding on all Participants and any other holders of Awards.

5. Eligibility. Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units, Dividend Equivalents and Deferred Stock Units may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. Stock Options.

(a) Limitations. Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds one hundred thousand dollars (\$100,000), such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(b) Number of Shares. The Administrator will have complete discretion to determine the number of Shares subject to Options granted to any Service Provider; provided, however, no Service Provider will be granted Options covering more than 1,000,000 Shares during any Fiscal Year. In connection with his or her initial service as an Employee, a Service Provider may be granted Options to purchase up to an additional 1,000,000 Shares, which will not count against the limit set forth above. The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15.

(c) Term of Option. The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(d) Option Exercise Price and Consideration.

(i) Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, subject to the following:

(1) In the case of an Incentive Stock Option

a) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant.

b) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(2) In the case of a Nonstatutory Stock Option, the per Share exercise price will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(3) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

(ii) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(iii) Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of: (1) cash; (2) check; (3) promissory note, (4) other Shares, provided that such Shares have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which such Option will be exercised and provided that accepting such Shares, in the sole discretion of the Administrator, will not result in any adverse accounting consequences to the Company; (5) consideration received by the Company under a broker-assisted (or other) cashless exercise program implemented by the Company in connection with the Plan; (6) any combination of the foregoing methods of payment; or (7) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

(e) Exercise of Option.

(i) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (i) notice of exercise (in such form as the Administrator may specify from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 13 of the Plan.

Exercising an Option in any manner will decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's termination as the result of the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is

specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

7. Restricted Stock

(a) Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

(b) Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Notwithstanding the foregoing, for Awards of Restricted Stock intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, during any Fiscal Year no Service Provider will receive more than an aggregate of 300,000 Shares of Restricted Stock; provided, however, that in connection with a Service Provider's initial service as an Employee, for Restricted Stock intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, the Service may be granted an aggregate of up to an additional 300,000 Shares of Restricted Stock. The foregoing limitations will be adjusted proportionately in connection with any changes in the Company's capitalization as described in Section 15. Unless the Administrator determines otherwise, the Company as escrow agent will hold Shares of Restricted Stock until the restrictions on such Shares have lapsed.

(c) Transferability. Except as provided in this Section 7, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(d) Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

(e) Removal of Restrictions. Except as otherwise provided in this Section 7, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction or at such other time as the Administrator may determine. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed. Unless otherwise provided by the Administrator, all Shares of Restricted Stock for which restrictions have not lapsed at the time of the Participant's termination as a Service Provider for any or no reason, will be forfeited and automatically transferred to and reacquired by the Company and will revert to the

Plan and become available for future grant under the Plan upon the date of such termination and the Participant will have no further rights thereunder.

(f) Voting Rights . During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(g) Dividends and Other Distributions . During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares, unless the Administrator provides otherwise. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

(h) Return of Restricted Stock to Company . On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

(i) Section 162(m) Performance Restrictions . For purposes of qualifying grants of Restricted Stock as “performance-based compensation” under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock which is intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

8. Restricted Stock Units .

(a) Grant . Restricted Stock Units may be granted at any time and from time to time as determined by the Administrator. After the Administrator determines that it will grant Restricted Stock Units under the Plan, it will advise the Participant in an Award Agreement of the terms, conditions, and restrictions related to the grant, including the number of Restricted Stock Units. Notwithstanding the foregoing, for Awards of Restricted Stock Units intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, during any Fiscal Year no Service Provider will receive more than an aggregate of 300,000 Restricted Stock Units; provided, however, that in connection with a Service Provider’s initial service as an Employee, for Restricted Stock Units intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, the Service may be granted an aggregate of up to an additional 300,000 Restricted Stock Units. The foregoing limitations will be adjusted proportionately in connection with any change in the Company’s capitalization as described in Section 15.

(b) Vesting Criteria and Other Terms . The Administrator will set vesting criteria in its discretion, which, depending on the extent to which the criteria are met, will determine the number of Restricted Stock Units that will be paid out to the Participant. The Administrator may set vesting criteria based upon the achievement of Company-wide, business unit, or individual goals (including, but not limited to, continued employment), or any other basis determined by the Administrator in its discretion.

(c) Earning Restricted Stock Units . Upon meeting the applicable vesting criteria, the Participant will be entitled to receive a payout as determined by the Administrator. Notwithstanding the foregoing, at any time after the grant of Restricted Stock Units, the Administrator, in its sole discretion, may reduce or waive any vesting criteria that must be met to receive a payout. Unless otherwise provided by the Administrator, all Restricted Stock Units that have not vested at the time of the Participant’s termination as a Service Provider for any or no reason, will be forfeited to the Company and will revert to the Plan and become available for future grant under the Plan upon the date of such termination and the Participant’s right to receive any Shares or payment thereunder will immediately terminate.

(d) Form and Timing of Payment . Payment of earned Restricted Stock Units will be made as soon as practicable after the date(s) determined by the Administrator and set forth in the Award Agreement. The

Administrator, in its sole discretion, may only settle earned Restricted Stock Units in cash, Shares, or a combination of both.

(e) Cancellation. On the date set forth in the Award Agreement, all unearned Restricted Stock Units will be forfeited to the Company.

(f) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock Units as “performance-based compensation” under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock Units which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

9. Stock Appreciation Rights.

(a) Grant of Stock Appreciation Rights. Subject to the terms and conditions of the Plan, a Stock Appreciation Right may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b) Number of Shares. The Administrator will have complete discretion to determine the number of Stock Appreciation Rights granted to any Participant, provided that during any Fiscal Year, no Service Provider will be granted Stock Appreciation Rights covering more than 1,000,000 Shares. Notwithstanding the foregoing limitation, in connection with a Service Provider’s initial service as an Employee, the Service Provider may be granted Stock Appreciation Rights covering up to an additional 1,000,000 Shares. The foregoing limitations will be adjusted proportionately in connection with any change in the Company’s capitalization as described in Section 15.

(c) Exercise Price and Other Terms. The per share exercise price for the Shares to be issued pursuant to exercise of a Stock Appreciation Right will be determined by the Administrator and will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant. Otherwise, subject to Section 6(a) of the Plan, the Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of Stock Appreciation Rights granted under the Plan.

(d) Stock Appreciation Right Agreement. Each Stock Appreciation Right grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the Stock Appreciation Right, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(e) Expiration of Stock Appreciation Rights. A Stock Appreciation Right granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the rules of Section 6(d) also will apply to Stock Appreciation Rights.

(f) Payment of Stock Appreciation Right Amount. Upon exercise of a Stock Appreciation Right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

- (i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times
- (ii) The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, the payment upon Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

10. Performance Units and Performance Shares.

(a) Grant of Performance Units/Shares. Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant, provided that during any Fiscal Year for Awards of

Performance Units or Performance Shares intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, (i) no Participant will receive more than 300,000 Performance Shares, and (ii) no Participant will receive Performance Units having an initial value greater than \$4,000,000. Notwithstanding the foregoing limitation, in connection with a Participant’s initial service as an Employee, for Performance Shares intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, an Employee may be granted up to an additional 300,000 Performance Shares. The foregoing limitations will be adjusted proportionately in connection with any change in the Company’s capitalization as described in Section 15.

(b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) Performance Objectives and Other Terms.

(i) General. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Service Provider) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Participant. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set performance objectives based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

(ii) Section 162(m) Performance Objectives. For purposes of qualifying grants of Performance Units/Shares as “performance-based compensation” under Section 162(m) of the Code, the Administrator, in its discretion, may determine that the performance objectives applicable to Performance Units/Shares will be based on the achievement of Performance Goals. In granting Performance Units/Shares which are intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Performance Units/Shares under Section 162(m) of the Code (e.g., in determining the Performance Goals).

(d) Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Performance Unit/Share. Unless otherwise provided by the Administrator, all Performance Units/Shares that are unearned or unvested at the time of the Participant’s termination as a Service Provider for any or no reason, will be forfeited to the Company and will revert to the Plan and become available for future grant under the Plan upon the date of such termination and the Participant’s right to receive any Shares or payment thereunder will immediately terminate.

(e) Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

(g) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Performance Units/Shares as “performance-based compensation” under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Performance Units/Shares

which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

11. Deferred Stock Units.

(a) General. Deferred Stock Units will consist of Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit Awards that the Administrator, in its sole discretion, permits to be paid out in installments or on a deferred basis, in accordance with rules and procedures established by the Administrator. Deferred Stock Units will remain subject to the claims of the Company's general creditors until distributed to the Participant.

(b) Code Section 162(m). Deferred Stock Units intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code will be subject to the annual Code Section 162(m) limits applicable to the underlying Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit Award as set forth in Section 7(b), 8(a) or 10(a), as applicable.

12. Performance-Based Compensation Under Code Section 162(m).

(a) General. If the Administrator, in its discretion, decides to grant an Award intended to qualify as "performance-based compensation" under Section 162(m) of the Code, the provisions of this Section 12 will control over any contrary provision in the Plan; provided, however, that the Administrator may in its discretion grant Awards that are not intended to qualify as "performance-based compensation" under Section 162(m) of the Code to such Participants that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 12.

(b) Performance Goals. The granting and/or vesting of Awards of Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units may be made subject to the attainment of Performance Goals. The Performance Goals may differ from Participant to Participant and from Award to Award. Any criteria used may be (A) measured in absolute terms, (B) measured in terms of growth, (C) compared to another company or companies, (D) measured against the market as a whole and/or according to applicable market indices, (E) measured against the performance of the Company as a whole or a segment of the Company and/or (F) measured on a pre-tax or post-tax basis (if applicable). Further, any Performance Goals may be used to measure the performance of the Company as a whole or a portion of the Company, or one or more product lines or specific markets and may be measured relative to a peer group or index. The Performance Goals may differ from Participant to Participant and from Award to Award. Prior to the Determination Date, the Administrator will determine whether any significant element(s) will be included in or excluded from the calculation of any Performance Goal with respect to any Participant. In all other respects, Performance Goals will be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Administrator prior to or at the time of the issuance of an Award and which is consistently applied with respect to a Performance Goal in the relevant Performance Period. In addition, the Administrator will adjust any performance criteria, Performance Goal or other feature of an Award that relates to or is wholly or partially based on the number of, or the value of, any stock of the Company, to reflect any stock dividend or split, repurchase, recapitalization, combination, or exchange of shares or other similar changes in such stock.

(c) Procedures. To the extent necessary to comply with the performance-based compensation provisions of Section 162(m) of the Code, with respect to any Award granted subject to Performance Goals and intended to qualify as "performance-based compensation" under Section 162(m) of the Code, within the first twenty-five percent (25%) of the Performance Period, but in no event more than ninety (90) days following the commencement of any Performance Period (or such other time as may be required or permitted by Section 162(m) of the Code), the Administrator will, in writing, (i) designate one or more Participants to whom an Award will be made, (ii) select the Performance Goals applicable to the Performance Period, (iii) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (iv) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Participant for such Performance Period.

(d) Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Participant and is intended to constitute qualified performance-based compensation under Section 162(m) of the Code will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

(e) Determination of Amounts Earned. Following the completion of each Performance Period, the Administrator will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. A Participant will be eligible to receive payment pursuant to an Award intended to qualify as "performance-based compensation" under Section 162(m) of the Code for a Performance Period only if the Performance Goals for such period are achieved. In determining the amounts earned by a Participant pursuant to an Award intended to qualified as "performance-based compensation" under Section 162(m) of the Code, the Administrator will have the right to (a) reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Administrator may deem relevant to the assessment of individual or corporate performance for the Performance Period, (b) determine what actual Award, if any, will be paid in the event of a termination of employment as the result of a Participant's death or disability or upon a Change in Control or in the event of a termination of employment following a Change in Control prior to the end of the Performance Period, and (c) determine what actual Award, if any, will be paid in the event of a termination of employment other than as the result of a Participant's death or disability prior to a Change of Control and prior to the end of the Performance Period to the extent an actual Award would have otherwise been achieved had the Participant remained employed through the end of the Performance Period.

13. Leaves of Absence/Transfer Between Locations. Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence. A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed three (3) months, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then six (6) months and one (1) day following the commencement of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

14. Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

15. Adjustments; Dissolution or Liquidation; Merger or Change in Control.

(a) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will adjust the number and class of Shares that may be delivered under the Plan and/or the number, class, and price of Shares covered by each outstanding Award, and the numerical Share limits in Section 3 of the Plan.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed action.

(c) Change in Control. In the event of a merger or Change in Control, each outstanding Award will be treated as the Administrator determines, including, without limitation, that each Award be assumed or an

equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. The Administrator will not be required to treat all Awards similarly in the transaction.

In the event that the successor corporation does not assume or substitute for the Award, the Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met. In addition, if an Option or Stock Appreciation Right is not assumed or substituted in the event of a Change in Control, the Administrator will notify the Participant in writing or electronically that the Option or Stock Appreciation Right will be exercisable for a period of time determined by the Administrator in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.

For the purposes of this subsection (c), an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of a Restricted Stock Unit, Performance Unit or Performance Share, for each Share subject to such Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the Change in Control.

Notwithstanding anything in this Section 15(c) to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

(d) Outside Director Awards. With respect to Awards granted to an Outside Director that are assumed or substituted for, if on the date of or following such assumption or substitution the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant (unless such resignation is at the request of the acquirer), then the Participant will fully vest in and have the right to exercise Options and/or Stock Appreciation Rights as to all of the Shares underlying such Award, including those Shares which would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Performance Units and Performance Shares, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met.

16. Code Section 409A. It is intended that Awards under this Plan will be either exempt from the application of, or comply with, the requirements of Section 409A so that the grant, payment, settlement or deferral thereof will not be subject to the additional tax imposed under Section 409A, and any ambiguities and ambiguous terms herein shall be interpreted to so comply or be exempt. The Company may, in good faith and without the consent of any Participant, make any amendments to this Plan and take such reasonable actions which it deems necessary, appropriate or desirable to avoid imposition of any additional tax or income recognition under Section 409A prior to actual payment to any Participant.

17. Tax Withholding.

(a) Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof), the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, local, foreign or other taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

(b) Withholding Arrangements. The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation) (a) paying cash, (b) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld, or (c) delivering to the Company already-owned Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

18. No Effect on Employment or Service. Neither the Plan nor any Award will confer upon a Participant any right with respect to continuing the Participant's relationship as a Service Provider with the Company, nor will they interfere in any way with the Participant's right or the Company's right to terminate such relationship at any time, with or without cause, to the extent permitted by Applicable Laws.

19. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

20. Term of Plan. Subject to Section 24 of the Plan, the Plan will become effective upon its adoption by the Board. It will continue in effect for a term of ten (10) years from the date adopted by the Board, unless terminated earlier under Section 21 of the Plan.

21. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

22. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

23. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.

24. Stockholder Approval. The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted by the Board. Such stockholder approval will be obtained in the manner and to the degree required under Applicable Laws.
